

Doctoral Course in Mathematical Sciences
curriculum: (*Mathematics or Computational Mathematics*)

Cycle XXXVIII

Final report of the PhD Student's activity

PhD Student: (*Name and surname*)

ORCID ID: (*Please write your ORCID ID number*)

Supervisor:.... (*Name and surname*)

co-Supervisor:.... (*Name and surname*)

Attended courses. (*Please list the titles of all courses of which you passed the exam - or only attended - specifying if they are Courses of the PhD School or Courses for a curriculum.*)

Further activities:

(*e.g., soft skills activities, popularization (= "terza missione") activities*)

Teaching activities (i. e., various types of tutoring):

(*please list your teaching activities, if any*)

Use of your research fund:

(*please describe how you used your research money*)

Other scientific activities:

(*e.g., talks delivered or attended; conferences attended, ...*)

Travels and research periods abroad:

(*please list your travels and research periods abroad; please be patient, as we need your help: count the number of days you spent abroad*)

Research activity: *(Please describe the problems that you worked on, the methods used and the results obtained.*
