

2nd DOLOMITES WORKSHOP ON CONSTRUCTIVE APPROXIMATION AND APPLICATIONS (DWCAA09)

Alba di Canazei (1517 m), Val di Fassa (Trento), Italy
September 4–9, 2009

Sessions

- **Polynomial and rational approximation**
Organizers: J. Carnicer (Zaragoza), A. Cuyt (Antwerp)
- **Meshfree methods**
Organizers: A. Iske (Hamburg), J. Levesley (Leicester)
- **Quadrature and cubature formulas, numerical methods for integral equations**
Organizers: B. Bojanov (Sofia), E. Venturino (Torino)
- **Approximation methods in numerical linear algebra**
Organizers: C. Brezinski (Lille), M. Eiermann (Freiberg)

Keynote Speakers

- C. de Boor (Madison)
- N. Dyn (Tel-Aviv)
- G. Meurant (Paris)
- R. Schaback (Göttingen)
- I. H. Sloan (Sydney)
- L. N. Trefethen (Oxford)
- H. Wendland (Sussex)
- Y. Xu (Eugene)

Scientific Committee

L. Bos, B. Bojanov, C. Brezinski, M. Buhmann, J. Carnicer, A. Cuyt, S. De Marchi, M. Eiermann, W. Gautschi, A. Iske, J. Levesley, M. Redivo Zaglia, E. Venturino, M. Vianello.

Organizing and Program Committee

M. Caliori (Verona), F. Dell'Accio (Cosenza), S. De Marchi (Verona), A. De Rossi (Torino), M. Redivo Zaglia (Padua), A. Sommariva (Padua), M. Vianello (Padua).

Proceedings

We plan to publish invited talks and selected contributions, after peer review process, in a special volume of the international journal *Numerical Algorithms*.
