

CARLO MARICONDA: PUBBLICAZIONI SCIENTIFICHE AL 13/6/2008

1. A. Cellina - C. Mariconda, *Kuratowski's index of a decomposable set*, Bull. Polish Acad. Sci. Math. **37** (1989), 679-685.
2. G. Gentili - M. Tarallo - C. Mariconda, *Quaternionic regular maps and $\bar{\partial}$ -type operators*, Simon Stevin **67** (1993), 333-359.
3. C. Mariconda, *On a parametric problem of the calculus of variations without convexity assumptions*, J. Math. Anal. Appl. **170** (1991), 291-297.
4. C. Mariconda, *Contractibility and fixed point property: the case of decomposable sets*, Nonlinear Anal. **18** (1992), 689-695.
5. C. Mariconda, *On a variational problem of slow growth without convexity assumptions*, Nonlinear Anal. **22** (1994), 1183-1189.
6. C. Mariconda, *A generalization of the Cellina - Colombo Theorem for a class of non-convex variational problems*, J. Math. Anal. Appl. **175** (1993), 514-522.
7. A. Cellina - C. Mariconda, *The existence question in the calculus of variations: a density result*, Proc. Amer. Math. Soc. **120** (1994), 1145-1150.
8. M. Amar - C. Mariconda, *A non-convex variational problem with constraints*, S.I.A.M. J. Control Optim. **33** (1995), 299-307.
9. R. Cerf - C. Mariconda, *On bang-bang constrained solutions of a control system*, S.I.A.M. J. of Control and Optimization **33** (1995), 554-567.
10. R. Cerf - C. Mariconda, *Oriented measures and the bang-bang Principle*, C.R. Acad. Sci. Paris **318** (1994), 629-633.
11. R. Cerf - C. Mariconda, *Oriented measures with continuous densities and the bang-bang principle*, J. Funct. Anal. **126** (1994), 476-505.
12. R. Cerf - C. Mariconda, *Oriented measures*, J. Math. Anal. Appl. **197** (1996), 925-944.
13. R. Cerf - C. Mariconda, *Chebyshev measures*, Proc. Amer. Math. Soc. **125** (1997), 3321-3329.
14. C. Mariconda, *An alternative proof of Han-Shafirir's lower bound for the energy of maps in perforated domains*, Preprint dell' Università di Padova (1995), 1-7.
15. S. Bianchini - R. Cerf - C. Mariconda, *Two dimensional zonoids and Chebyshev measures*, J. Math. Anal. Appl. **211** (1996), 512-526.
16. S. Bianchini - C. Mariconda, *The vector measures whose range is strictly convex*, J. Math. Anal. Appl. **232** (1999), 1-19.
17. C. Mariconda - G. Treu, *Absolutely continuous representatives on curves for Sobolev functions*, J. Math. Anal. Appl. **281** **2003** (2003), 171-185.
18. C. Mariconda - G. Treu, *A Comparison Principle and the Lipschitz continuity for minimizers*, J. Convex Anal. **12** (2005), 197-212.
19. C. Mariconda - G. Treu, *A comparison principle for minimizers*, C. R. Acad. Sci. Paris Sér. I Math. **330** (2000), 681-686.
20. C. Mariconda - G. Treu, *Gradient maximum principle for minima*, J. Optim. Theory Appl. **112** (2002), 167-186.
21. C. Mariconda - G. Treu, *Existence and Lipschitz regularity for minima*, Proc. Amer. Mat. Soc **130** (2001), 395-404.

22. C. Mariconda - G. Treu, *Lipschitz regularity of the minimizers of autonomous integral functionals with discontinuous non-convex integrands of slow growth*, Calc. Var. Partial Differential Equations **29** (2007), 99–117.
23. C. Mariconda - G. Treu, *A relaxation result for autonomous integral functionals with discontinuous non-convex integrands of slow growth*, ESAIM Control Optim. Calc. Var. (2004), 201–210.
24. C. Mariconda - G. Treu, *Lipschitz regularity for minima without strict convexity of the Lagrangian*, J. Differential Equations **243** (2007), 388–413.
25. C. Mariconda - G. Treu, *Local Lipschitz regularity of minima for a scalar problem of the calculus of variations*, Commun. Contemp. Math. (2008) (to appear).
26. G. De Marco - C. Mariconda - S. Solimini, *An elementary proof of a characterization of constant functions*, Advanced Nonlinear Studies **8** (2008), 597–602.
27. C. Mariconda, *The lack of strict convexity and the validity of the Comparison Principle for a simple class of minimizers*, inviato a rivista internazionale (2008).
28. C. Mariconda - G. Treu, *Hölder regularity for a classical problem of the calculus of variations*, inviato a rivista internazionale (2008).
29. P. Bousquet - C. Mariconda - G. Treu, *Continuity and hölderianity of solutions to a basic problem in the Calculus of Variations*, in preparazione (nota per i CRAS) (2008).
30. C. Mariconda - G. Treu, *Hölder regularity for a classical problem of the calculus of variations and a non convex domain*, in preparazione (2008).
31. A. Cellina - C. Mariconda - G. Treu, *Comparison results without strict convexity*, inviato a rivista internazionale (2008) (to appear).

ATTI DI CONVEGNI E SEMINARI

1. M. Amar - A. Cellina - C. Mariconda, *Some non-convex variational problems*, Atti Sem. Mat. Fis. Univ. Modena **43** (1995), 437–442.
2. S. Bianchini - R. Cerf - C. Mariconda, *Chebyshev measures and the vector measures whose range is strictly convex*, Atti Sem. Mat. Fis. Univ. Modena **XLVI** (1998), 525–534.
3. C. Mariconda - G. Treu, *A comparison Principle and the Lipschitz continuity for minimizers*, Advances in convex analysis and global optimization (Pythagorion, 2000), Kluwer Acad. Publ., Dordrecht, 2001, pp. 545–551.

PUBBLICAZIONI DIDATTICHE

1. S. Solimini - C. Mariconda, *Note sui Teoremi sulla Funzione Implicita e Costruzione del Grado Topologico*, Dispense S.I.S.S.A. del corso di Dottorato in Analisi Funzionale, S.I.S.S.A., Trieste, 1988, pp. 1-67.
2. G. De Marco - C. Mariconda, *Esercizi di Analisi Matematica I*, Decibel-Zanichelli, Padova, 1997.
3. G. De Marco - C. Mariconda, *Esercizi di Analisi Matematica II*, Decibel-Zanichelli, Padova, 1998.
4. C. Mariconda, *Equazioni alle derivate parziali*, Dispense del corso di Equazioni Differenziali a.a. 1998/99, Dipartimento di Matematica Pura e Applicata, Padova, 1999, pp. 1-200.
5. C. Mariconda, *Introduzione al Calcolo delle Variazioni*, Dispense del corso di Equazioni Differenziali a.a. 1999/2000, Dipartimento di Matematica Pura e Applicata, Padova, 2000, pp. 1-75.
6. G. De Marco - C. Mariconda, *Esercizi di calcolo in una variabile*, per il nuovo ordinamento, Decibel-Zanichelli, Padova, 2001.

7. G. De Marco - C. Mariconda, *Esercizi di calcolo in più variabili*, per il nuovo ordinamento, Decibel-Zanichelli, Padova, 2002.
8. A. Ross, *Introduzione al calcolo delle probabilità*, traduzione del testo originale inglese con M. Ferrante e cura della versione italiana, Apogeo, Milano, 2004.
9. C. Mariconda - A. Tonolo, *Introduzione alla combinatoria e alla teoria dei grafi*, di prossima pubblicazione presso un editore nazionale, 2008.
