

INHERITED KNOWLEDGE:

Maryam Mirzakhani & Grace Murray Hopper

TUESDAY, MAY 26, 4:30 PM – ROOM 1C150

MARYAM MIRZAKHANI

GRACE MURRAY HOPPER

The seminar explores the science produced by women mathematicians and computer scientists and its impact on the present.

The seminar will be held in English and will take us through the work and legacy of two foundational figures in modern mathematics and computer science: Maryam Mirzakhani and Grace Murray Hopper.

A reception will follow the seminar. Please scan the QR code to register:
