

Doctoral Program

Computational Mathematics

Numerical Analysis and Symbolic Computation

Open PhD Positions

Call for Applications

The newly established Doctoral Program (DK) "Computational Mathematics: Numerical Analysis and Symbolic Computation" at the Johannes Kepler University in Linz, Austria, is offering PhD positions in nine PhD Thesis Projects for the duration of three years.

Our interdisciplinary PhD research program (DK) is financed by the Austrian Science Fund (FWF) and will begin on **October 1, 2008**. The overall goal of this PhD program will be to provide intensive PhD training in two fundamental areas of computational mathematics: numerical analysis and symbolic computation. This will be accomplished by course work that involves lectures from both areas and by interdisciplinary research seminars. The DK faculty involves researchers from the following institutions:

- *Institute of Applied Geometry,*
- *Institute of Computational Mathematics,*
- *Industrial Mathematics Institute,*
- *Research Institute for Symbolic Computation (RISC)*
- *Johann Radon Institute for Computational and Applied Mathematics (RICAM) of the Austrian Academy of Sciences.*

For further information (scientific background, salary, etc.) and for details concerning the application procedure, please see the DK webpage

<http://www.dk-compmath.jku.at>

Deadline for Applications: **May 15, 2008.**

Looking forward to your application, and best wishes

Peter Paule

*Director of the Doctoral Program (DK) Computational Mathematics
Professor at the Research Institute for Symbolic Computation (RISC)
Johannes Kepler University, 4040 Linz, Austria*

DK-Contact: Johannes Kepler University Linz, Doktoratskolleg (DK), Marion Schimpl
Altenberger Strasse 69, 4040 Linz Austria, office@dk-compmath.jku.at
