

VISITING PhD STUDENTS

If you are a PhD student and:

- you would like to spend a research period at Department of Mathematics “Tullio Levi-Civita” (minimum duration: 1 month) as a visiting PhD student;
- you would like to write your thesis with a joint supervision by a member of the Mathematics PhD Course Board, spending minimum 6-12 months in Padova (only for foreign PhD students),

here you can find some useful information.

First, we suggest you to contact by email your potential supervisor (for the list of the PhD Course Board teachers, see on https://dottorato.math.unipd.it/people/board_of_the_school

After receiving confirmation from the supervisor, please go to the online platform ([click here](#)), register and fill the request.

After acceptance of your request by the supervisor, you will receive an Invitation Letter.

[Here](#) you can find some instructions for browsing the online platform.

(only for foreign PhD students) For visa, residence permit and health assistance, we suggest you to contact well in advance the **SAOS** - Foreign Guests Welcome Service. Contacts and information are available at this [link](#).
