Quick poll

The screenshot shows a mobile messaging app interface. At the top, the status bar displays 'AT&T M-Cell', signal strength, Wi-Fi, time '1:52 PM', and battery '72%'. Below the status bar is a blue header with a back arrow, the title 'Glamping Trip', and a 'Details' link. The main content area shows a message from 'Camping sites' (sent by Brian Maggi) with a timestamp of 'Today'. A sub-message from 'Liam Shalon' asks 'Where should we go?'. Below this is a blue poll card titled 'Camping sites' with the instruction 'Vote for your choice.' and four options: 'Beach 🏖️' (2 votes), 'Mountains 🏕️' (1 vote), 'Woods 🌲' (0 votes), and 'None of the above' (0 votes). A 'Read (all)' indicator is visible at the bottom right of the poll card. At the very bottom, there is a blue input field with a plus icon on the left and a white text area.
